

Small Cell Radio Pole Mount Bracketing Solution for Ericsson Radios

- Compact space and weight saving mounting and bracketing solutions for ER// 4435 5G, 2x4402 & OAD
- Universal mounting supports multiple Ericsson Small Cell Radios on a single mount system; 5G, DAS, CRAN, LAA and CBRS Deployments
- Same bracket system allows for Horizontal or Vertical mounting applications depending on tube length
- Optional omni bracket allows for Antenna's to be oriented Up or Down
- Aluminum Construction, Stainless Steel Hardware
- The Included OAD bracket for Fiber Back-haul can be mounted in various positions
- PTS5G-BK5200 Series Custom Configurations Available

PTS5G-BK5203H-V2E
Horizontal Mount with
included OAD bracket in
optional locations
(Electronics by others)

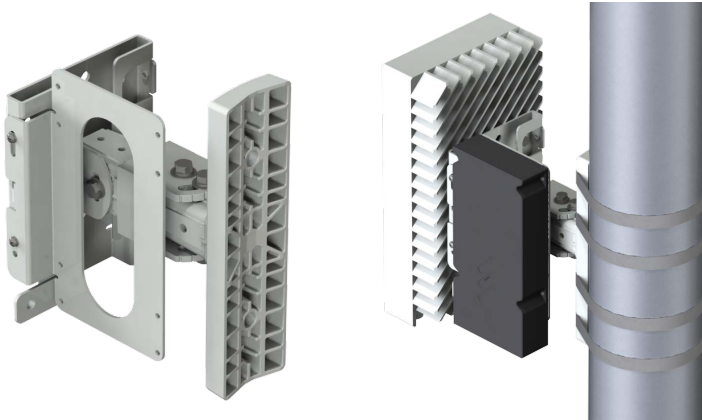

PTS5G-BK5203V-V2E
VERTICAL Mount with included
OAD bracket using optional
PTS5G-BK5130 (SAP 33873)
Flat Surface Mount
(Electronics by others)

Horizontal or Vertical Applications

Features

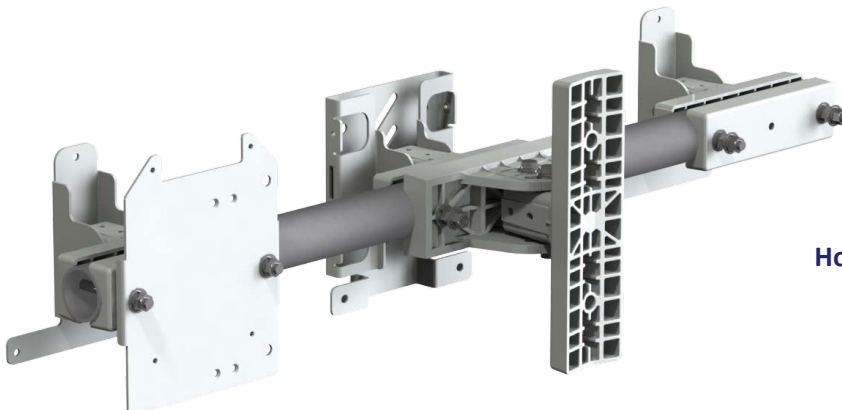

- Compact space and weight saving bracket solutions
- Mechanical Elevation $\pm 22.5^\circ$ for Directional Mounts
- Mechanical Elevation $\pm 15^\circ$ for Omni Mounts
- Mechanical Azimuth $\pm 45^\circ$ for entire system
- Optional Pivot bracket allows Individual Radios horizontal adjustment
- Designed for 175MPH Wind Load

PTS5G-BK5201-V2E
SINGLE RADIO MOUNT for
4435 5G radio and shown
with included OAD Bracket

PTS5G-BK5203V-V2E
Vertical Mount with included
OAD Bracket & 39" Tube. Shown
w/ optional PTS5G-BK5130
(SAP 33873) Flat Surface Mount

PTS5G-BK5203H-V2E
Horizontal Mount with included
OAD Bracket & 33" Tube

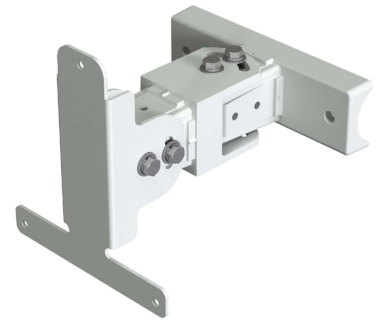

Optional Mounting Bracket Options

**PTS5G-BK5130
FLAT MOUNT**

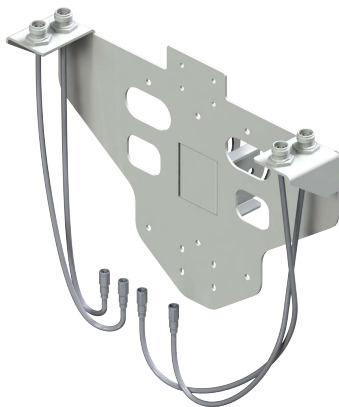

**PTS5G-BK5131
CORNER MOUNT**

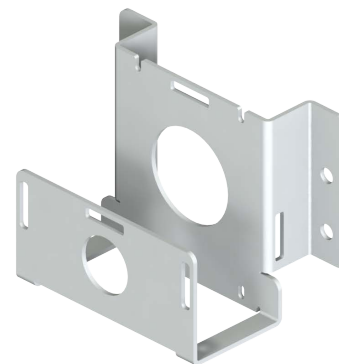

**PTS5G-BK5210-V2E Expansion
Radio, TEE & PIVOT Bracket
for rear mount position**

Optional Brackets

**PTS5G-BK5112
OMNI Bracket for Ericsson
4G 2202 or 4402 only
2 Dual 2 GHz OMni Antennas**

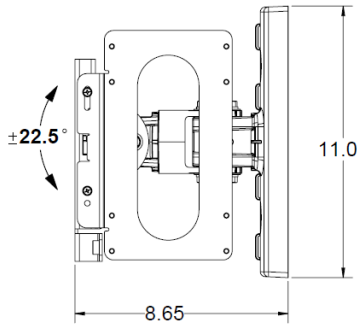

**PTS5G-BK5165
TRIPLEXER MOUNT**
